Experimental firearms and or equipment will be authorized only on a case by case basis. This will also apply to ammunition used while on the range. Any reloaded ammunition shall be announced and displayed for authorization prior to use on supplied targets of the host agency.

GENERAL INFORMATION:

The Attorney's Multi-Jurisdictional Shoot will consist of a safety briefing for all shooters. The shoot will consist of roughly 4 stations. Shooters will be divided into groups and transition from station to station based on shooters abilities to negotiate the ranges and or complete the courses of fire.

An instruction segment where the shooters will be given a refresher course on proper handling and clearing of malfunctions of the weapon shall be demonstrated by range safety and or firearms instructors prior to engaging targets.

COURSES OF FIRE:

The Dueling Tree Station. Shooters will be partnered with another shooter. Shooters will attempt to turn steel targets to the correct color by impacting each target with accurate rounds on target. Each shooter will be timed, and scoring will be based on shooters with the fewest shots to complete the objective and the fastest time. Approximately 8 rounds per shooter, per round, 20-30 rounds anticipated or until eliminated. (Single elimination competition).

25 Round Course of Fire for Score. This course of fire will be timed, and uses air actuated targets. Scoring will be a hit or miss, 10 points per round with a possible perfect score of 250 points. Targets will be scored by firearms instructors. Alibi rounds will be given for actual weapons malfunctions only, not shooter error. Ammunition management will be at the shooter's discretion.

Scenario Based Training Course of Fire. Shooters will be seated at a table in a mock courtroom scenario. The shooter will have to engage targets accurately and quickly. This course of fire will be scored on a hit or miss and timed parameters. Estimated 10-20 rounds of ammunition.

Static 25 Yard Range. Shooters will engage static targets at known and predetermined distance for speed and accuracy from the holster. Shooters will be engage targets after an instructional brief, and warm up/practice drawing from the holster. Shooter will engage targets from an audible tone (Shot timer) to record shooters times. Missed rounds on the target will result in time penalties.

All courses of fire are subjected to change at the discretion of the Range Master. All safety rules and protocols are applicable and shall not be dismissed or deviated from. Each individual on the range is responsible for his or her own safety, as well as the safety of others. Any and all questionable acts or unsafe practices observed while at the range; a cease fire should be announced from whoever witnesses the unsafe act, or action.
