### **Responsibilities and Accountability**

17-43-301(3) (a) Each local mental health authority is accountable to the department, the Department of Health, and the state with regard to the use of state and federal funds received from those departments for mental health services, regardless of whether the services are provided by a private contract provider.

(b) Each local mental health authority shall comply, and require compliance by its contract provider, with all directives issued by the department and the Department of Health regarding the use and expenditure of state and federal funds received from those departments for the purpose of providing mental health programs and services. The department and Department of Health shall ensure that those directives are not duplicative or conflicting, and shall consult and coordinate with local mental health authorities with regard to programs and services.

(4) (a) Each local mental health authority shall:

(i) review and evaluate mental health needs and services, including mental health needs and services for persons incarcerated in a county jail or other county correctional facility;

(5) Before disbursing any public funds, each local mental health authority shall require that each entity that receives any public funds from a local mental health authority agrees in writing that:

(a) the entity's financial records and other records relevant to the entity's performance of the services provided to the mental health authority shall be subject to examination by:

- (i) the division;
- (ii) the local mental health authority director;
- (iii) (A) the county treasurer and county or district attorney; or  
(B) if two or more counties jointly provide mental health services under an agreement under Subsection (2), the designated treasurer and the designated legal officer;
- (iv) the county legislative body; and
- (v) in a county with a county executive that is separate from the county legislative body, the county executive;

(b) the county auditor may examine and audit the entity's financial and other records relevant to the entity's performance of the services provided to the local mental health authority; and

(c) the entity will comply with the provisions of Subsection (3)(b).

(6) A local mental health authority may receive property, grants, gifts, supplies, materials, contributions, and any benefit derived therefrom, for mental health services. If those gifts are conditioned upon their use for a specified service or program, they shall be so used.

(7) (a) As used in this section, "public funds" means the same as that term is defined in Section **17-43-303**.
